Team Building

Do you have big plans for your business? Are you building a new corporate vision or bonding a new team? Team building activities can help your organisation regain its vitality and competitive edge. A team that plays hard together works hard together and we have established a whole range of unique and fun team building games (indoor and outdoor) which will increase the morale of your team and help them work together as one.

Ice-breakers & Energisers

Get the people coming to your event talking to each other, smiling and working together. Our icebreaker and energiser exercises are the perfect way to ease your guests into the day at the start of a conference, energise after lunch or support your company message before summing up. When time is in short supply, our interactive, fun and memorable activities are the perfect solution.

Activity Days

An activity day could be ideal for your team building event, for corporate hospitality, for celebrating, for entertaining or for rewards and incentives. Indoors or out, we will design an action packed day with a series of exercises designed for enjoyment to suit your needs and objectives. Making movies, cracking codes, off-roading, mini Olympics ... the possibilities are endless and so is the fun!

Activity Business Packages

Punch the crunch! During these tough times there are inevitably big changes to the structure of many organisations and it is vital to ensure your staff's productivity and motivation levels do not drop. We appreciate that budgets have been cut and time out of the office is more precious than ever so why not tag your team build activities onto the back of a morning meeting? We have come up with some fantastic credit crunch busting packages that will blow you away without blowing the budget. Our packages include:

- A room for a morning meeting
- Lunch
- An afternoon of fun and challenging indoor or outdoor activities

Event Corner

When Evening Falls

It's the icing on the cake for almost any event – the focal point for an evening do, or the finishing touch as an event closes. We work with the cream of the crop to add a large dose of sparkle to your celebration. Casinos, game shows, race nights, can-can dancers, big bands, magicians, comedians, look-alikes, jugglers, cover bands, guest speakers ... we can even top off the night with a fireworks display to really wow everyone. Whether entertainment is a feature or finale for your event, we go all out for impact with quality entertainment and creative, born entertainers.

Themed Events

Let our Theme Team bring your event to life! From simply elegant to purely stunning, we can arrange a whole host of themes, recreating your favourite movie to delegates believing they are truly in the Caribbean and everything in between!! We'll transform any room or venue for your event, starting with themed invitation design to table decorations, dramatic backdrops and appropriate entertainment to wow your guests.
